ADDITIONS TO YJO WEB SITE

YJO Members, we have added a new page to the YJO web site named:

"Programs and Opportunities"

We want to share, with our members, potential opportunities and/or ideas for new programs. These may already be in place in some communities or perhaps they represent new potential program concepts that may fill perceived or identified areas of need. Hopefully we will be able to present this type of information once each month or so. *Please visit our web site and look for the page in the left hand menu (of the YJO Home Page) for information on school based initiatives.*

We have also added program and contact information to the google maps both in the regional and agency map locations. When you click on a program icon in either location now you will see main contact, email address, phone numbers, some program information, etc. Please note this information is being added to the web site as we receive the program information forms that we sent out for people to complete and send back to us. So if your google maps are not showing this additional info it is because we have not received your updated forms.

YJO Invited to Sit On Advisory Council on Youth Justice Issues.

As indicated the week of June 23rd in an e-mail previously sent, Assistant Deputy Minister Gilbert Tayles has invited Youth Justice Ontario to sit on the above council. Please visit the website and click on the link to see the letter of invitation for details.

Community Programming Sub-Committee Proposes Skill Development/Resource Day for Attendance Centre Staff

The goal is to plan a Skill Development/Resource Day for Attendance Centre Staff from across the province in Toronto at the Travel Lodge, Dixon Rd, Etobicoke. This would hopefully be in late October or early November. Possible topics could be: Working with Learning Disabled Kids, Assessment(s), I.T. Based Programming, other ideas to follow. Hopefully people from afar would be able to stay over the night before so we could have a full day starting at 9 a.m., with four different workshops finishing around 4:30 p.m. The focus would be on learning and practicing the skills presented. Breakfast and lunch would be provided for the cost of the day.
